#### ALLIES REAFFIRM ALL THEIR DEMANDS IN NOTE TO WILSON

WASHINGTON, Jan. 4.-Messages to the State Department to-day from London indicate that the reply of the Entente Allies to President Wilson's note of Dec. 13 will be delivered Saturday. It will not be published before Monday, It is thought.

The answer, courteous and friendly in tone toward the United States, will shut the door to peace and will reaffirm the previous statements that the allies are fighting for restitution of all conquered territory, reparation for all wrongs done and complete guarantees against military aggres-

There will be no hope left in the note for peace negotiations at this time. The reply will point out that Germany must unconditionally surrender her pretensions that she is victorious and frankly state the terms on which she will lay down her arms before negotiations can be begun.

The President never has publicly indicated willingness to act as a medium for exchange of terms secretly between the beliggerents. The negotiations were described to-day as being of a highly confidential character.

President Wilson's friends say he is unconcerned over efforts to connect his note with German peace proposals. Feeling that his sole object in sending the note was to learn just where each side stands, he is known to believe that in the end the Entente Allies as well as the Central Powers will realize that his move was not directed against either.

Only Legation and Fishing Fleet Exempt Under New Drastic

CHRISTIANIA, Jan. 4.-Only the British Legation here and the Norwegian fishing steamers which supply fish to England are exempted from the British Government's prohibition against the export of coal to Norway. Dissatisfaction with Norway's method of exporting ore and fish from this country and her failure to fulfill certain other provisions of the agreement with Great Britain are said to be responsible for the British Government's action.

It is feared that the British action may bring about a coal famine.

FALL BACK ON BRAILA

Petrograd Reports Heavy Fighting Before Retirement Was Decided On.

LONDON, Jan. 4 .- General Frederick B. Maurice, Chief Director of military operators at the British War Office, declared to-day that the latest reports received in London from the Roumanian theatre of military operations indicated that the Russian forces had evacuated the province of Dobrudja without loss.

PETROGRAD (Via London), Jan .-The Russian forces in Dobrudja began yesterday a withdrawal towards Brails, across the Danube in Wallachia, says to-day's War Office announcement. The retreat followed heavy fighting, during which one howlile attack near Matchin was beaten off, but which later resulted in the yielding of ground by the Russiens, beginning their withdrawal movement. The statement regarding the Dobrudja operations reads:

"In Dobrudja during the night a Bulgarian field post was anni-hilated by a surprise attack. In the morning the enemy launched an attack in the region of Mat-

chin, but was beaten back.
"Later in the day the enemy resumed his attacks and pressed back our detachments, which be-gan to withdraw toward Braila."

It does not ask us to approve specifically the terms of the note nor of its contents. While Senator Lewis was speaking the so-called morning hour expired, automatically shutting off debate. Senator Hitchcock wanted a unanimous consent for a vote to-morrow but Senator Brandeges, Republican, objected. Then Senator Hitchcock asked for a vote on his request to continue the debate to-day.

Senator Hitchcock made plain he was not insisting upon a vote to-day but only asked that consideration of the resolution proceed.
